1. Can you determine what the web site is to be used for by looking over the web site?

Yes, I get a good idea of the purpose for the site.

2. If so describe what you think the purpose of the web site is.

It was the bases for an Point of Sale site or machine.

3. Was it easy to navigate through the web site?

Yes, I was able to find a product I was interested and get a price.

4. Did you find any errors while navigating the web site?

No

5. If so, please list the page URL and cut and paste the error.

N/A

6. What did you like about the web site?

I've worked many POS systems and there is something to be said about keeping it simple. I like finding everything right there on the page.

7. What did you not like about the web site?

I thought the font size could have been larger.

8. Do you have any suggestions to improve the web site?

If possible, make the font size larger so the eye can focus better on the information.
